

MODEL: T8U-IDDM13-2200-L-EBA

SKU:600037-SP

LED T8 TYPE A

ELAKEVIEW ENTERPRISE LTD.

PRODUCT DESCRIPTION

The new LED Type A T8 is direct replacement for traditional fluorescent T8 tubes, providing instant start, saving 70-80% of energy over HID and 50-60% over fluorescent tubes. It is compatible with instant ballasts or programmed start ballasts. Die formed of 24 gauge cold-rolled steel body.

HIGHLIGHTS

- AC100-277/347V depends on the ballast
- LED T8 Type A
- Compatible with instant & programmed start ballast
- Color temperature: 5000K
- Wattage: 15W
- CRI > 80
- Efficacy: 126LM/W
- Work w/ IS+PS+RS+EM
- Operating Temperature: -20°C to 45°C
- High Lumen Efficiency
- Lifetime - 50,000 Hours
- DLC, cUL Listed
- 5 Years warranty

APPLICATIONS

Replace traditional fluorescent T8
