

DYAD

Aluminum Tape Light Extrusion

Perfect system for indirect ambient lighting. The two meter length enables fewer seams and more efficient installations. Create ambient light with static white, single color, RGB, RGBW, or RGBTW tape.

- Made of lightweight double anodized aluminum
- Frosted lens protects two rows of light source while evenly diffusing light
- Field cuttable lens and extrusion
- Aluminum provides excellent heat dissipation
- End caps available for a tailored look
- Compatible with most tape light
- Designed for surface mounting where indirect lighting is needed

Available Finishes

Anodized Aluminum

Compatible Tape Light

- Single Color
- Tunable CCT
- RGB / RGBW / RGBTW
