DIE-CAST DESIGN

The excellent visual performance and an architecturally pleasing design makes the **FORMA SD** series the premier choice for applications requiring the durability and the craftsmanship of die-cast aluminum signs. The standard brushed aluminum face blends well with any setting and provides a clean, modern look. The die-cast aluminum construction provides the **FORMA SD** with exceptional strength and rigidity.

MECHANICAL SPECIFICATIONS

The **FORMA SD** is constructed from durable die-cast aluminum. Universal mounting pattern is stamped on the back. The **FORMA SD** is supplied standard with a brushed aluminum face(s) and a black baked powder coat finished housing. The faceplate is held securely in place with a screw and a pivot bracket system that allows for complete access to the interior of the sign.

INSTALLATION

The **FORMA SD** is suitable for ceiling, wall and end mounting. Suitable for indoor installations.
