Product #	SFL-10W-7200-50K
Colour temperature	5000K
Lumens	1,080 lm
LEDs	SMD2835*60PCS
Battery	18650/3.7V replaceable, 7200mAh
Solar panel	6Wp, Poly Crystalline Silicon
IP rating	IP65
Beam angle	90°
Detection angle / area	180° / <8 metres
Housing	Black
Dimension	300*215*35mm
Warranty	24-month
*Battery warranty	12-month

Easy installation on wall or post
User replaceable battery

On/Off

20% Brightness: Automatically turns on at dusk and remains on at 20% brightness

Full Brightness + Dim: Automatically turns on to full brightness when motion is detected within 8 metres. After 20 seconds without motion being detected, light will remain at 3% brightness.

Full Brightness + Off: Automatically turns on to full brightness when motion is detected within 8 metres. Turns off after 30 seconds without motion being detected.
