

Enerlites®

Interchangeable USB Module Charger Receptacle

MODEL NO: 61150-TR2USB-CU

DESCRIPTION

The ENERLITES 61150-TR2USB-CU is an interchangeable module dual 4.8 Amp USB Type-A charger combined with a single 15 Amp tamper-resistant receptacle. Our high speed USB Type-A ports include IntelliChip technology to deliver the most advanced charging technology and optimize current to reduce charging time to devices. The USB charger receptacle allows the user to charge up to two USB devices simultaneously without the use of bulky adapters while continuing to power traditional appliances such as a lamp or television with the same receptacle.

FEATURES

- 2 high-speed USB charging ports with 4.8A total output
- Interchangeable USB module for quick service calls
- Built-in smart chip recognizes each device's individual charging requirements to optimize the charge
- Tested to withstand over 10,000 insertions
- Tamper-resistant receptacle improves child safety – built-in shutter prevents access by most non-rated/foreign objects
- Fits in a standard wall box, compatible with standard wall plates
- Back wiring

SPECIFICATIONS
