

Enerlites®

TYPE-A/C USB CHARGER RECEPTACLE

MODEL NO: 61501-1A1C5

DESCRIPTION

The Enerlites 61501-1A1C5 is a dual port 5.0A USB with Type-A and Type-C combination along with two 15A tamper-resistant receptacles. Our high speed USB Type-C port features IntelliChip technology to deliver advanced charging technology and optimize current to reduce charging time. The USB charger receptacle allows the user to charge up to two USB devices simultaneously without the use of bulky adapters all while continuing to power appliances such as a lamp or television with the same receptacle.

FEATURES

- Type-C port permits the cables to be inserted easily in either direction
- USB Type-C provides faster charging and is emerging as the standard port on many phones, tablets, and laptops
- Residential/Commercial grade specifications
- Built-in smart chip recognizes each device's individual charging requirements to optimize the charge
- Tested to withstand over 10,000 insertions
- Tamper-resistant receptacle improves child safety – built-in shutter prevents access by most non-rated/foreign objects
- Fits in a standard wall box, compatible with standard wall plates
- Back wiring

SPECIFICATIONS
