

Enerlites®

NEMA 20AMP LOCKING DEVICE 20A 120/208V, L21-20

MODEL NO: 66601

DESCRIPTION

ENERLITES NEMA devices provide a safe disconnect solution between an equipment load and a power source. NEMA devices are designed to be durable and long-lasting, even in harsh environments. They are commonly used for a wide range of electrical devices and have a secure fit that prevents accidental disconnection that helps to reduce the risk of electrical shock or damage to the device.

FEATURES

- Heavy-duty construction for harsh environments
- Durable and long-lasting
- Standardized design
- Terminals marked for easy identification and fast wiring

SPECIFICATIONS
