

Enerlites®

FLOOR BOX KIT 1-GANG FLIP-LID

MODEL NO: **975507-S, 975507-C**

DESCRIPTION

The ENERLITES 975507 is a 1-gang Brass/Nickel-Plated Brass floor box kit with a tamper/weather-resistant duplex receptacle. The device features 20A tamper-resistant duplex receptacle, which includes internal shutters to prevent the insertion of foreign objects. The floor box lays flush and features a flip-lid cover that is opened with use of a coin.

FEATURES

- 20A 125V tamper/weather-resistant receptacle
- For use with carpet and wood floors. Also great for counter-top applications
- Flooring types: tile, stone, wood, laminate, carpet, concrete and vinyl
- Wiring accepts #12-10 AWG stranded and solid copper wire
