

# Ceiling Pendant

**52333**  
INSTALLATION SHEET

## START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

**Technical Support:** 1-855-855-8926

- 1.** Remove the fixture from its original packaging. Next, remove the mounting plate **(1c)** from within the canopy **(2a)** by un-threading the two nuts **(2b)**. Secure the mounting plate **(1c)** to the junction box with screws **(1e)**.
- 2.** Connect all wires correctly black to black "L", white to white "N" and the ground wire with provided marrettes **(1b)** from the hardware package. Align the threaded studs **(1d)** with the holes on the surface of the canopy **(2a)**. Next, push the canopy **(2a)** to the mounting plate **(1c)** thread on the two nuts **(2b)** on to the threaded studs **(1d)**. This will secure the canopy to the mounting plate.
- 3.** Once this is complete, install the A19 bulb (bulb not included) and place the diffuser **(2c)** into the fixture. Slightly bend and slide one side of the diffuser **(2c)** first, then push the other side to successfully place inside. This will secure the diffuser to the canopy.
- 4.** You have now completed the installation of your fixture, enjoy.
