# Ceiling LED Chandelier

START FROM HERE

• Make sure **POWER** is **COMPLETELY OFF** at the fuse box
• Have your fixture installed by a qualified licensed electrician
• Prepare everything in a clear area
• Wear gloves at all time during this installation
• Read instructions carefully before you start assembly
• Keep this installation sheet for future reference

Technical Support: 1-855-855-8926

Please Note:
• This Kuzco LED fixtures come with pre-wired LED module(s)
• Unless instructed, Do Not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage
• Use ELV (Electronic Low Voltage) or TRIAC type of dimmer for dimming application

1. Remove fixture from its original package

2. Separate mounting plate **(1c)** from canopy **(2a)** by removing canopy screws **(2f)**

3. Attach mounting plate **(1c)** to electrical junction box **(1a)** using screws provided **(1e)** in hardware package

4. To change fixture height, push and hold wire gripper **(2g)**, slide wire to desired length and then release wire gripper **(2g)** to secure (Remove excess wire if necessary)

5. Secure mounting plate **(1c)** to mounting surface with anchors **(1f)** and screws **(1h)**

6. Make proper electrical connections (black to hot "L", white to neutral "N", ground to "GND") with wire nuts **(1b)** provided in hardware package

7. Attach canopy **(2a)** to mounting plate **(1c)** with canopy screws **(2f)**

8. Fine tone wire length if necessary, by push and hold wire gripper **(2g)** and then adjust wire to desired length
