

LED Flush Mount

FM4209

INSTALLATION SHEET

START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

Technical Support: 1-877-452-6858

Please Note:

- All Kuzco LED fixtures come with pre-wired LED module(s).
- Unless instructed to do so, please do not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage.
- For dimming, an ELV (Electronic Low Voltage) type of dimmer is required.

- 1.** Remove the fixture from its original packaging. Next, remove the mounting plate (1c) from within the canopy (2a) by un-threading the glass cover (2c) and removing the two screws (2b). Secure the mounting plate (1c) to the junction box with screws (1e) provided in the hardware package.
- 2.** Connect all wires correctly black to black "L", white to white "N" and the ground wire with provided marrets (1b) from the hardware package. Attach the canopy (2a) to the mounting plate (1c) by using the two screws (2b) provided.
- 3.** Once this is complete, thread the glass cover (2c) to the canopy.
- 4.** You have now completed the installation of your fixture, enjoy.
