

LED Flush Mount

FM4245
INSTALLATION SHEET

START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

Technical Support: 1-877-452-6858

Please Note:

- All Kuzco LED fixtures come with pre-wired LED module(s).
- Unless instructed to do so, please do not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage.
- For dimming, an ELV (Electronic Low Voltage) type of dimmer is required.

- 1.** Remove the fixture from its original packaging. Next, remove the mounting plate **(1c)** from within the canopy **(2a)** by un-threading the four glass covers **(2c)** and removing the four **white** screws **(2b)**. Secure the mounting plate **(1c)** to the junction box with screws **(1d)** provided in the hardware package. For additional security set the anchor screws and plastic anchors **(1e)** in to the ceiling.
- 2.** Connect all wires correctly black to black "L", white to white "N" and the ground wire with provided marrets **(1b)** from the hardware package. Attach the canopy **(2a)** to the mounting plate **(1c)** by using the four **white** coloured screws **(2b)** provided.
- 3.** Once this is complete, thread the four glass covers **(2c)** clockwise to the canopy.
- 4.** You have now completed the installation of your fixture, enjoy.
