

LED Lamp Flush Mount Ceiling Fixture

FM9711

INSTALLATION SHEET

Please Note:

- All Kuzco LED fixtures come with pre-wired LED module(s).
- Unless instructed to do so, please do not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage.
- For dimming, an ELV (Electronic Low Voltage) dimmer is required.

START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

Technical Support: 1-877-452-6858

1. Remove the fixture from its original packaging.
2. Attach the canopy to the junction box, First attach all wiring with the provided marrets (white to white "N", black to black "L", ground to ground "G"). Push the screws through the holes in the back of the fixture so they are poking through into the center of the fixture. Once this is complete you can tighten the screws (in a clockwise direction) until the fixture is secured to the ceiling.
3. Install the acrylic cover to the fixture. The acrylic cover is installed by gently sliding it into the canopy and then twisting into place.
4. You have now completed the installation of your fixture, please enjoy.
