

TIMER SWITCHES | Decora®

Decora® Programmable Digital Timer Switches

Leviton Programmable Timer Switches are an easy upgrade to help reduce energy costs, improve security and add convenience. Leviton programmable timers can be used to time lighting for daily activities or program an event to give the home a “lived-in” look while away. They are perfect for controlling indoor and outdoor lighting, pool filters, fans and a host of other devices in and around the home. The Decora® Digital Switch with Bluetooth® Technology combines a standard wall switch with a programmable and countdown (sleep) timer into one device that can be controlled using the Leviton Decora® Digital Dimmer and Timer App without the need of a hub, gateway or internet connection.

Features and Benefits

Decora® Digital Timer Switch with Bluetooth® Technology — DDS15

- The free mobile app makes it quick and easy to program timer functions and control lights
- Point-to-point local control within a 30 foot* range without the need for a hub, gateway or internet connection
- Flexibility to program weekdays, weekends, all days or any combination of days
- Astronomical clock automatically adjusts to local sunrise/sunset times
- Automatic daylight saving time adjustment
- Countdown (sleep) timer can be set for up to 12 hours
- Rechargeable battery keeps time during temporary power outages
- LED locator light can be turned off via app
- Matching and Coordinating remotes available for 3-way/multi-location applications
- Neutral wire required
- California T24 and T20 Compliant
- Limited 5-year warranty

Vizia +® 24-Hour Programmable Timer

- Flexibility to program weekdays, weekends, all days or any combination of days
- Astronomical clock automatically adjusts to local sunrise/sunset times
- Automatic daylight savings time option
- To-the-minute accuracy
