

## Our Telescoping Raintight While-In-Use Cover Keeps a High or Low Profile

- Extend to While-in-Use position for plugs
- Contract to shut out insects and debris

Get rugged protection for exterior receptacles with Leviton's Telescoping Raintight While-in-Use Cover. It presents a sleek low profile when contracted, shutting out insects and debris. When extended to the While-in-Use position, it fully complies with 2008 NEC Section 406.8(B) requirements for damp or wet locations, and is NEMA Type 3R rated for use with unattended plugs in live receptacles. Conveniently packaged with 3 wallplates (duplex, Decora® and single receptacle), the Telescoping While-in-Use Cover is ideal on decks, patios, porches and more. Designed with affixed gasket to simplify installation. Available in White, Light Almond, Gray or Brown with smoke cover.

### Applications:

- Outdoor security, landscape, accent and holiday lighting
- Power tools, trimmers, sprinkler systems and pumps
- Industrial sites, facilities, schools, vending machines and marinas

Pull out bottom tab to extend,  
push in to contract.
