

rotary dimmers

- rotate or push on/off, (depending on model), rotate to adjust light level
- small control shown
- large control measures 4.56" x 4.56" (fits into a 1-gang backbox)

incandescent/halogen (rotary on/off small control)

single pole	600 W	C-600-	<input type="text"/>
-------------	-------	---------------	----------------------

single pole	1000 W	C-1000-	<input type="text"/>
-------------	--------	----------------	----------------------

incandescent/halogen (rotary on/off large control)

single pole	1500 W	C-1500-	<input type="text"/>
-------------	--------	----------------	----------------------

single pole	2000 W	C-2000-	<input type="text"/>
-------------	--------	----------------	----------------------

incandescent/halogen (push on/off, small control)

single pole	600 W	C-600P-	<input type="text"/>
-------------	-------	----------------	----------------------

single pole	1000 W	C-10P-	<input type="text"/>
-------------	--------	---------------	----------------------

3-way	600 W	C-603P-	<input type="text"/>
-------	-------	----------------	----------------------

3-way	1000 W	C-103P-	<input type="text"/>
-------	--------	----------------	----------------------

Can be ganged only as no fins broken; no derating required. Multi-gang wallplates are not available. 1-gang wallplates fit side-by-side when ganged.

For 3-way and 4-way switching, use a 3-way dimmer with mechanical switches.

See page 37 for available colors.

To order, add color suffix to model number.

Example: **C-600- WH**

Shown actual size: Centurion® dimmer in white (WH) (includes wallplate)
