

WARNING

WARNING — THE INSTALLATION MUST BE CARRIED OUT BY A QUALIFIED ELECTRICIAN.

1. LED Slim Lights are suitable for using in wet locations
2. Please keep the LED Slim Lights away from any corrosive substance, and please use dry cloth when you clean it
3. LED Slim Lights can only be installed by a qualified electrician
4. Before installation or maintenance, please disconnect the power to prevent electric shock

Application Notice

1. Turn OFF the power supply at the fuse or circuit breaker box before you install the fixture
2. Ground the fixture to avoid potential electric shocks and to ensure reliable starting
3. Double-check all connections to be sure they are tight and correct
4. Wear rubber soled shoes and work on a sturdy wooden ladder
5. This fixture is designed for use in a circuit protected by a fuse or circuit breaker. The fixture is also designed to be installed in accordance with local electrical codes. If you are unsure about your wiring, consult a qualified electrician or local electrical inspector, and check your local electrical code
6. **WARNING — RISK OF CUTS:** Some metal parts in the fixture may have sharp edges. To prevent cuts and scrapes, wear gloves when handling the parts
7. **WARNING — RISK OF FIRE:** Use 120V AC 60Hz circuits
8. **DO NOT** change the LED light source or driver inside under any circumstance
9. **DO NOT** cover the fixture with any heat insulated materials
10. This product is for **INDOOR USE ONLY**

CAUTION

PLEASE READ INSTRUCTION BEFORE COMMENCING INSTALLATION AND RETAIN FOR FUTURE REFERENCES.

Electrical products can cause death or injury, or damage to property.

If in any doubt about the installation or use of this product, consult a competent electrician.

INSTALLATION GUIDE

J-Box Installation

1. Turn OFF the switch. Use terminal caps to connect lamp input line with municipal power supply. Take off the trim
2. Screw the fixture to junction box
3. Install the trim to the fixture
4. Installation complete

INSTALLATION GUIDE

Can Housing Installation

1. Turn OFF the switch. Use terminal caps to connect lamp input line with municipal power supply.

2. Push the fixture into can housing. Then, installation is complete
