

## LED LINEAR STRIPS

9"/12"/24"/36"/48"  
3000K/4000K

EPISTAR

**5 YEAR  
WARRANTY**

### DESCRIPTION

These industry leading LED linear strips can be used in a wide variety of applications. Utilizing high quality Epistar chips, we deliver a consistent, even light output in warm or natural white colours. Designed with high strength aluminum at only 0.8mm thickness, these strips are a durable, low profile solution for any project.
