

VWallpax - 80W LED Wallpack

Order Code: WP59416

Description

Venture Lighting's VWallpax luminaires are low profile, light weight, and designed for long life with low maintenance and great performance. These LED luminaires are designed to quickly and easily upgrade existing wall pack fixtures.

Construction

Rugged die cast housing finished in a durable powder coat finish and with glass lens. The high performance LED sources are mounted to ensure proper thermal management of the system. The design allows for a cooler running LED chip which leads to longer lifetime, better efficacy, and color consistency and sealed to eliminate the threat of contaminants damaging the components. The standard fixture color is bronze, custom colors available upon request.

Electrical

The power supply has a range of 120-277V, 50/60 Hz. The luminaires are rated for wet locations. Button photocell accessory can easily be mounted into the fixture. These fixtures are not dimmable.

Mounting

Each fixture is easily installed to a standard recessed junction box. Slipfitter conversion kit can be used for flood lighting applications.
